MOOCS – Massive Open Online Classes

Mary Evelyn Tucker and John Grim, Yale University, the producers of the film are offering four six-week online courses. Brian Thomas Swimme provides introductory comments. These are featured as a specialization under the title: "**Journey of the Universe: A Story for our Times.**" They are available in English and in Chinese.

This specialization includes two courses on *Journey of the Universe* and a course on the *Worldview of Thomas Berry*. Each of these courses can be taken independently. These are MOOCs available on Coursera to anyone, anywhere on the planet. **All of the MOOCs are translated into Chinese.**

Learners may audit these courses **FREE OF CHARGE** (with the exception of the capstone course). Or learners may register for all of the courses for a small fee and, upon completion, receive a specialization certificate. The courses **do not have to be completed within the six week period**, rather, learners may take the classes and finish at their own pace.

Courses:

- *Journey of the Universe*: The Unfolding of Life (film & book)
- *Journey* Conversations: Weaving Knowledge and Action
- The Worldview of Thomas Berry: Flourishing of the Earth Community
